

BIOLUX PRO MINI

Elbow

1. Place the band with the light in direct contact and around the elbow, adjusting it with the elastic.
2. It doesn't need to be tight; the light should cover above, over, and below the elbow.
3. Press  twice to activate the red and infrared light.
4. Allow the device to turn off (15 minutes), repeat this process twice a day.
5. You can engage in other activities while using it.
